**Maintenance of training process;** of course everything that ensures training process, which realizes the eternal development in term of all aspects, which are revealed in the eternal development. In other words it relates to all aspects of life and is embedded in the future structures, which are simultaneously laid down as reliable ones.

**Organization and conduction of conferences, organization and conduction of congresses, organization and conduction of symposia of professional training bases on the idea of the eternal development.**

**Provision of services in the sphere of professional training;** taking into consideration that this refers to individual training; quite naturally the option of distance training or individual training can be chosen when teachers train one student.

**Trainings, professional orientations, organization and conduction of seminars, organization and conduction of practices (maintenance of training process);** in this case within the framework of training and professional orientation it is possible to obtain exactly special-purpose education on the eternal development, as the eternal development is rather extensive area and man must master everything that is necessary for him, in other words, in principle he should be able to master any profession, any knowledge, which contributes to this task, realize this task. Organization and conduction of seminars refers to technologies exactly of the eternal development, including maintenance of training process.

**On conduction of practices:** this refers to study of three-volume edition of “The Practice of Control. The Way of salvation.” Then the following volumes that include “The Practice of Control. The Way of salvation.” related to the practice of the disciples on the Teachings of Grigori Grabovoi. And training process will be maintained in such a way, that new results

obtained in other countries will be received and they will be included into these practices. Colloquiums will be also conducted and interested persons will be invited; exhibitions for cultural - educational purposes, where everything will be subordinated to single idea of the eternal development.

Including the following, that is described as entertainment.

**Sports activities** will also be directed toward realization of the structure of the eternal development.

**Organization of exhibitions for cultural or educational purposes** will also be directed toward the eternal development.

**Conduction of live public readings and concerts (entertainments);** it is meant here that participating representatives will be exactly supporting the direction of the eternal development and they will perform at public readings and concerts. In other words, special groups, which will be offered to perform at these events will be selected, and these groups might also apply directly to that person who sells trade marks, since the trade marks can also be distributed in the Internet and the logotype be can used, that is to say the name of domain can include that version of words, which is embedded in the trade marks.

**Publishing house services,** this refers to all services of publishing house, first to books of Grigori Grabovoi, then to books of followers, supporters, disciples, and then other educational systems that include data on the eternal development.

**Creation of places of leisure and entertainments;** in this case this is creation of such places of leisure and entertainments, which contribute to the eternal development.

**Supply of games in the Internet;** this is creation of games which are actually developing and built on the basis of lectures, seminars of Grigori Grabovoi, where the space in the form three-dimensional points it can be realized as a game composition.

**Editing of texts;** this activity will be directed toward specially purposeful editing in order not to lose the sense of the eternal development and technologies of the eternal development, to avoid their loss due to editing, thus in view of this the of texts will edited.

**Film, video film;** this case is about creation of cinematographic films, which should be directed to the eternal development, they might be based on the Teachings of Grigori Grabovoi, might be autobiographical, which relate to Grigori Grabovoi, supporters, disciples of Grigoriy Grabovoi, followers and generally on all situations which took place and will take place.

Anticipating cinematographic films, which create exactly a trend of the eternal development from the point of view of the future processes. Video film, of course, just as film in direction towards the eternal development.

**Production of audio and TV films for all media** is a rather important area, which will offer products for all media; a special accent will be made on the fact, that these films are exactly directed toward the eternal development. They will include all seminars of Grigori Grabovoi, his disciples, followers, supporters and so on.

**Editorial services, or more exactly, proof-reading of books and periodicals;** in this case, of course, the following services will be provided: editors will report that they, during the proof-reading, direct the texts of books and periodic publications towards the eternal development, in other words, this will be such type of proof-reading, which does not distort the sense of the books, but nevertheless, since each man has inherent system of knowledge on the eternal development, it will anyway be revealed in the text. There will be a special staff of editors, who will select exactly this. In this case this is a very important trend since it will be possible to shift the orientation of books and periodicals, including TV ones, cinema levels in the direction of exactly the eternal development; therefore it is suffice here to organize a small headcount of competent editors, who will be able to direct media to required course to propagate explicitly or implicitly the levels of the eternal development instead of propagating something else. And many can chose to do this in order to collaborate on sign levels, to develop exactly this direction, including films, television films, for all media instead of working in some neutral system, which are not determined ideologically anyway.

**The courses of correspondence education** is a separate important level of education; they will include distance education through the Internet, which can cover even those countries and distant parts of the planet, even, let us suppose, conditionally speaking, cosmonauts being in an orbiting space ship; in other words this will be education accessible in any point. It must be compact in certain cases, compressed, convenient for mastering, and with respect to this, materials referring to mastering of the correspondence course will be represented. Advisory systems, for example, are possible, including the courses of correspondence, they can be as advisory ones on the materials of the Teachings, in other words a reference data base will be created that will be like systems of consultations answering questions asked by people. Depending on this, if a man has some problems, he will be sent a course either of knowledge or numerical series, which will quickly or, if he has time, slowly, in other words within available

time, will enable him to solve issues, and not just to solve, but also to simultaneously master technologies of the eternal development, technologies of eternal life.

The licensee with the use of class 41 of trademarks can also obtain rights of use of methods, devices and systems included in the patents for inventions “The Way of Prevention of Catastrophes and Device for its Realization” and “The System of Transfer of Information”.
